***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-16 and 18, drawn to a cross-linking mixture, a dry paint containing said cross-linking mixture and a method of making said paint.

Group II, claim(s) 17 and 19, drawn to a method of use of a compound of formula II and a compound of formula II.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The special technical feature of Group I claims is a cross-linking mixture wherein the mixture has a mean *B*-hydroxyalkylamide functionality of between 2.1 and 3.9. Group II claim 19 is directed to a compound according to formula II that has *B*-hydroxyalkylamide functionality of 2 which is outside the mean *B*-hydroxyalkylamide functionality of between 2.1 and 3.9 required for Group I claims. Claim 17 is being grouped with claim 19 since it is deemed to be improper dependent on claim 4 and should be made dependent on claim 19. If applicant is unwilling to change the dependency of claim 17 than it will be rejected in the next office action under 35 USC 112.

3. A telephone call was made to Lisa Leone on 11/18/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
